EXPERIENCE

Senior Consultant, Customer Service Transformation

EY Studio+ · Consumer, Retail & Health

Jun 2025 – Present

- Quality engineer across four cloud services products for a Fortune 100 restaurant chain: deployments, feature validation, and on-call production support.
- Cut deployment incidents 20% and mean time to resolution 15% through release safety protocols and a from-scratch observability framework.
- Authored contact center AI points of view for two Fortune 500 healthcare clients, shaping pursuit strategy and client workshops.

Consultant, Digital & Emerging Technologies

EY · Consultant Development Program

Jul 2022 – Jun 2025

- Led quality engineering through a chainwide order fulfillment platform launch across 100+ restaurant locations: routing efficiency up 30%, bug turnaround down 25%.
- Helped redesign the in-store order taking experience on a new device, then owned integration testing with the counter and drive-through tablet platform.
- Built 20+ JMeter performance scripts with US and India teams, lifting shipping API reliability 15%; coordinated agile delivery on a federal cloud build (NIST 800-53).

IT Leadership Intern, IE Business Solutions

SAP America · Remote

Jan 2021 – Dec 2021

- Partnered with the Chief Product Owner on portfolio delivery across Germany, the US, and India.
- Ran design thinking workshops with 50+ stakeholders; UX research shaped SAP FlexConnect.
